

Green Policies

At Montigo Resorts, we treat our environmental responsibilities with the utmost seriousness. Caring for the earth is not only important to us: it's one of our core values; the principles which govern the decisions we make. But if we're to reach net zero in all areas of the business, we'll need your support as guests. Help us to help the planet by participating in some of our innovative 'Greener Stays' schemes.

Forgotten your flip flops?

We offer them to hire, so there's no need to buy a disposable pair.

Have bath towels to spare?

Pop Tilo on your bed and we'll hit pause on laundry for the day.

Want to endorse rewilding?

Reduce your carbon footprint by eating local in our restaurant.
