MONTIGO WELLNESS

Montigo Wellness has something for all generations, young and aged, seeking respite from urban life. Restore your body's balance with centuries old therapies, accentuated by the ambient infusion of soothing fragrances and light. Recharge and be holistically revived at the Montigo Wellness Sanctuary.

The timeless Sumatran huts have had their rich authenticity preserved for over a century. Acquired exclusively for the resort, this rustic cluster adjoins its own stretch of beach. A revived body also needs some stimulation for the mind, and you're sure to find it in the spa's library and reading area.

Our restorative treatments are formulated without chemicals on premise, utilising the raw potential of what Mother Nature has to offer. To ensure the natural oils and juices retain their efficacy during treatment, ingredients are hand ground minutes before your appointment. Offering personalised experiences, share your preferences with a wellness therapist, and we will ensure it's a visit you'll long cherish.
